

Website Planning Document

Weather Forecast Site

Purpose:

The purpose of this site will be to show relevant data regarding weather conditions. This will be accomplished by taking user input on what area the data will be about. To do this we will:

- Decide what our target audience will be.
- Create a model for several different device sizes
- Create an attractive color scheme
- Use a reliable and useful weather reporting service to gather data for the user

Target Audience personas:

Penny- 21
